FY 2021 AUDIT PROGRESS AND FY 2022 INTERNAL AUDIT PLANS

Action Requested: Receive and approve the progress reports for the universities' FY 2021 audit plans and approve the internal audit plans for FY 2022.

Executive Summary: The Office of Internal Audit is an independent and objective assurance and advisory function designed to add value and improve Regent universities' operations. Internal Audit brings a systematic and disciplined approach to evaluating and improving the effectiveness of the organization's governance, risk management, and control processes. Internal Audit is dedicated to promoting and facilitating continuous improvement.

On an annual basis, in accordance with Audit and Compliance Committee policies, Internal Audit compiles and submits audit progress and future plans for the Regent universities. The plans are flexible and adjusted as needed to adapt to changes in the audit environment.

Our work is conducted and managed in accordance with The Institute of Internal Auditors' (IIA's) *International Professional Practices Framework*, which includes the core principles for the professional practice of internal auditing, the definition of internal auditing, the Code of Ethics, and the *International Standards for the Professional Practice of Internal Auditing (Standards)*.

The Office of Internal Audit supports the Regent institutions by performing audits based on the outcome of an annual risk assessment process. Audits identified during this process are completed throughout the year and provide either positive assurance that operations and internal controls are operating as intended; or that management action is needed to mitigate the risk or improve efficiencies that could impact each institution's strategic goals.

Staff Credentials: Most staff have at least one professional certification or are actively working towards a certification. Professional development is required for certifications and staff regularly attend training to stay abreast of emerging issues in higher education, technology and to keep their technical and soft skill sets relevant. The following table summarizes the credentials currently held by staff, as well as those in progress.

Title	MA	MBA	M.Acc.	CPA	CISA	CIA	CFE	CISM
CAE		1			1	1	1	
Assistant Director		1			1	1	1	
Audit Manager				2	1		1	
Senior Auditor		1		1			1	
IT Auditor					2	1	1	1
Auditor	1		1			4		

 In Progress

Audit Progress and Plans: In FY 2021, ISU's operations were negatively affected by unfilled positions and recruitment efforts were unsuccessful. Significant effort and resources are currently being expended to identify and hire qualified candidates for the Audit Manager and open Auditor positions. UNI continues to be understaffed due to budget constraints and auditors from SUI provided assistance with UNI information technology audits. SUI has been stable and is fully staffed.

As university staff focused on crisis mitigation planning due to the COVID-19 pandemic, audit delays and adjustments to scope or testing steps occurred when face-to-face and on-campus observations could not be completed. Auditors have adapted to the changing work environment and have moved to a hybrid staffing model to accommodate changes resulting from the pandemic.

Following is a condensed table of the progress of the FY 2021 Audit Plans.

FY 2021 Progress	SUI	ISU	UNI	Total
Audits:				
Original Audits Planned	45	15	2	62
Added During Year	6	1	1	8
Totals	51	16	3	70
Completed	33	6	2	41
In Progress	10	3	1	14
Deferred	0	1	0	2
Cancelled	8	6	0	13
Totals	51	16	3	70

The FY 2022 Audit Plans are proposed after extensive interviews across each campus with key leaders and staff, reviewing past audit history, surveying the current higher education audit landscape, and using data analytics to review operations. Plans are then prepared using a risk-based approach to ensure that areas and activities specific to the Regent universities with the greatest impact, are identified for consideration. The Auditor of the State and external auditors provide financial audit services, allowing Internal Audit to concentrate on unique operational audits.

The plans are based on available staff hours for 15 auditors with 26,758 available hours. The plans include risk-based and requested audits (financial, operational, compliance, information technology), risk-based consulting reviews, follow-up audits, investigations, reserves for management requests, and other projects and initiatives as needed. Unassigned audit hours allow for timely reaction to audit requests arising from various changes in operations.

FY 2022 Plans	Scheduled Audits	Total Hours Budgeted*
University of Iowa	48	18,656
Iowa State University	17	6,366
University of Northern Iowa	4	1,736
Total	69	26,758

**FY 2022
