**University of Iowa
Higher Education Act Section 117 Reporting**

Issued November 9, 2022

Status: Open

Section 117 of the Higher Education Act requires universities to report on gifts from, and contracts with, a foreign source that are valued at \$250,00 or more, alone or combined, in a calendar year. This audit was performed to evaluate the controls in place in the data reporting process and to determine if any improvements can be made. Audit recommendations include implementing a reporting process based on when contracts are signed and documenting procedures from the point of data collection through reporting to the Department of Education. Management expects to complete its action plans by March 2023.

**University of Iowa
Intercollegiate Athletics – Home Game Ticket Revenue FY 2022**

Issued November 9, 2022

Status: Closed

This audit is performed annually to provide an independent verification and reconciliation of regular season home game athletic ticket revenue, ensure accurate payment of sales tax, ensure completion of guaranteed payments according to Big Ten revenue-sharing regulations or contractual terms to visiting institutions, and reconcile complimentary ticket listings. No material audit findings or weaknesses were noted during this audit. This audit is closed.

**University of Iowa
QGenda System**

Issued November 9, 2022

Status: Open

The QGenda system is a UI Health Care scheduling system that allows departments to schedule faculty, advanced practice providers, residents, and fellows for clinical, research, and academic time. The audit was performed to evaluate if proper information technology controls are in place. Primary audit recommendations include developing enterprise reporting, improving the user access process for identifying active user accounts for terminated employees, and providing additional user training. Management expects to complete its action plans by June 2023.

**University of Iowa
University of Iowa CareLink**

Issued November 9, 2022

Status: Open

University of Iowa CareLink is a secure and online resource for external health care sites or providers whose patients receive treatment from UI Health Care. The audit was performed to evaluate if proper controls are in place and determine whether opportunities for improvement exist for the current processes. Primary audit recommendations include monitoring access for inactive user accounts and ensuring patient case information is appropriately documented in discharge referral requests. Management expects to complete its action plans by March 2023.

**Iowa State University
Chemical Safety**

Issued November 9, 2022

Status: Open

The Iowa State University Chemical Safety audit was conducted to evaluate key administrative processes and provide reasonable assurance that internal controls are in place and operating as intended. Environmental Health & Safety administers the Chemical Hygiene Plan, performs lab audits, maintains the Laboratory Safety Manual, provides training for safe laboratory practices, disposes of hazardous chemicals, and maintains compliance with laboratory safety regulations. Audit recommendations include clarifying the escalation process for unresolved lab defects, considering the establishment of a Chemical Safety Committee, ensuring electronic keycard access is terminated in a timely manner, and including supervisors on automated reminder emails for expired required training. Management expects to complete its action plans by September 2023.

**Iowa State University
Recruiting and Hiring**

November 9, 2022

Status: Open

Recruiting and hiring at Iowa State University is administered by University Human Resources using the Workday system. The Recruiting and Hiring audit was completed to evaluate the adequacy of administrative and operational processes and to provide reasonable assurance that internal controls are in place and operating as intended. Primary audit recommendations include ensuring that starting salaries in offer letters consistently match actual starting salaries, troubleshooting system integration errors related to background checks, removing the automatic disposition option for non-selected candidates, and ensuring the level of access and permissions granted to supervisors after hire is appropriate. Management expects to complete its action plans by September 2023.
